Ø=Ü° COST ESTIMATION	
Ocean / Air Freight	USD 750-950 (20ft FCL, Mumbai-Dubai, ~7 days)
Customs Duty / Tariff	5% customs duty + 5% VAT = ~10% total
Handling & Documentation	As per tariff schedule
TOTAL ESTIMATED LANDED COST	
USD 1,500-2,000	
Ø=Ü# COMPLIANCE SUMMARY	
The shipment of cotton fabric from Mumbai to Dubai is non-compliant due to missing documents and incomplete information. The HS code for cotton fabric is 5208.11, and the estimated customs duty for Dubai is 5% with an additional 5% VAT. The freight cost for a 20ft FCL from Mumbai to Dubai is estimated to be between USD 750-950. The total estimated landed cost is approximately USD 1,500-2,000, considering the freight cost, customs duty, and VAT.	
& Regulatory Note:	
Dubai has specific import rules, including a 5% customs duty on cotton fabric. Additionally, a Certificate of Origin is required for all imports, and a Phytosanitary Certificate may be required for certain types of cotton fabric. The UAE also has labeling requirements, including the need for Arabic labeling on certain products. It is essential to comply with these regulations to avoid delays or penalties.	
& ISSUES IDENTIFIED	
' Incomplete consignee details	
' Missing Bill of Lading	
' Incomplete Commercial Invoice	
' No IEC Code or GST Number provided
